Dear INF2611 Student

EXAMINATION TUTORIAL LETTER

This is a reminder that your examination for this module will be written in **May/June 2018**. Please ensure that you have the correct DATE, TIME and VENUE for this important examination. This information is available on the myUnisa module site. The structure for this **two-hour** semester examination consisting of **70** marks, will cover the following chapters from the prescribed textbook:

Chapter	Chapter title
9	Advanced widgets
10	Menus and toolbars
11	Multiple documents and layouts
12	Database handling

Please note that the paper has been set to ensure that you have an understanding of the concepts of visual programming and that you are able to implement these concepts. The examples in the prescribed book and the assignments must be used in your pre-preparation. It is also important to interact on your tutor site as discussions etcetera are aimed at preparing you for the examination.

Kind regards
The INF2611 team
